About SSIT:

Sri Siddhartha Institute of Technology (SSIT), Civil Engineering was one of the two departments Tumkur Karnataka. SSIT was started in the year 1979 with an intake of 60 students. Ever since the department has grown with time. At present, the Institute runs 9 programmes in Bachelor of Engineering (BE) and 7 Post Graduate programmes, Several programmes and Master of Computer Application with an annual intake of 836.

The department has the entire laboratory required to train the students as per the syllabi. The laboratories include Strength of Materials, Concrete, Highway, Geotech, Environmental, Fluid Mechanics and Survey were all established in early years of the department. Now a computer center is added, to train the students in the field of its application. The department also takes up consultancy work as well as testing of materials.

The department was established in the year 1959 by shri H.M. Gangadharaiiah, with the blessings of Acharya Vinobha Bhave, started with only one school, has grown consistently and established 84 Institutions under its aegis across the southern part of Karnataka. The academic empire includes an Engineering College, a Dental College, a Nursing College, Grade Colleges, B.Ed. Colleges, Training Institutes, Sanskrit & Poly Schools, and number of high schools with a vision to take education to reach the unreached.

About Department:

About SSIT:

Sri Siddhartha Institute of Technology (SSIT), Tumkur Karnataka. SSIT was started in the year 1979 under the ambit of Sri Siddhartha Education Society (SSES), Tumkur. Since then, it has grown with time. At present, the Institute runs 7 Post Graduate programmes, Several Doctoral programmes and Master of Computer Application with an annual intake of 836.

Sri Siddhartha Education Society was established in the year 1959 by shri H.M. Gangadharaiiah, with the blessings of Acharya Vinobha Bhave, started with only one school, has grown consistently and has established 84 Institutions under its aegis spread across the southern part of Karnataka. The academic empire includes an Engineering College, a Medical College, a Dental College, a Nursing College, First Grade Colleges, B.Ed. Colleges, Training Institutes, Sanskrit & Poly Schools, and number of high schools with a vision to take education to reach the unreached.

About Department:

Computer science and engineering was started in the year 1983 with an intake of 60 students. Ever since the department has grown from strength to strength. It has well qualified, experienced and dedicated staff members. It has well equipped laboratories and also supported by good number of non-teaching staff.

The department has the entire laboratory required to train the students as per the syllabi. The laboratories like programming labs, Database lab, networks lab, web Designing lab, Digital Circuit design lab, and Big data Analytics lab. The department also has a research and project lab that helps students and faculty to perform their project and research work.

Objectives of Skill Development Programme :

The main objective of Skill Development Programme is to learn managing information for a built asset throughout its lifecycle—from planning and design to construction and operations.

About SSIT:

Sri Siddhartha Institute of Technology (SSIT), Tumkur Karnataka. SSIT was started in the year 1979 under the ambit of Sri Siddhartha Education Society (SSES), Tumkur. Since then, it has grown with time. At present, the Institute runs 9 programmes in Bachelor of Engineering (BE) and 7 Post Graduate programmes, Several Doctoral programmes and Master of Computer Application with an annual intake of 836.

Sri Siddhartha Education Society was established in the year 1959 by shri H.M. Gangadharatah, with the blessings of Acharya Vinobha Bhave, started with only one school, has grown consistently and has established 84 Institutions under its aegis spread across the southern part of Karnataka. The academic empire includes an Engineering College, a Medical College, a Dental College, a Nursing College, First Grade Colleges, B.Ed. Colleges, Training Institutes, Sanskrit & Poly Schools, and number of high schools with a vision to take education to reach the unreached.

About Department:

The vision of global community places us at the helm of express gateways of information technology. Having recognized the potential and benefits of Computerization, the department of Computer Science and Engineering was started in the year 1985. At present, the department runs Under Graduate and Post Graduate programmes in Computer Science and Engineering with an annual intake of 120 and 18 respectively.

These programmes aim at nurturing competitive, confident Computer Science Engineers with good skills in hardware and programming, with an intense exposure to operating systems and programming languages. The department has well qualified and experienced faculty members who trains the students on cutting edge technologies. The state of the art infrastructure facilities available in the department provides a congenial ambience for learning. The CSE department has nine well-equipped computer labs with 145 computer systems; Laboratories have been setup with a good ventilation, better ambience and adequate lighting to make students to work in a conducive environment. First Aid kits and Fire Extinguishers are available in all the laboratories.

Objectives of Skill Development Programme :

The main objective of Skill Development Programme is to learn applications of different software's in the field of Computer Science & Engineering .

Colleges, Training Institutes, Sanskrit & Poly Schools, and number of high schools with a vision to take education to reach the unreached.

About Department:

The Department of Electronics and Communication Engineering (ECE) –SSIT was started in the year 1980, with an initial intake of 40 students. The department has enhanced the intake to 120 in the year 2007. The department also offers two PG programmes namely ‘Digital Electronics’ from the year 2005 and ‘VLSI and Embedded systems’ from the year 2009 with an intake of 18 in each. The undergraduate and post graduate programmes are approved by AICTE and presently the department is one among the 9 departments in the institute, which is affiliated to Sri Siddhartha Academy of Higher Education.

The department has been accredited 3 times. The department is supported by experienced and dedicated faculty who always strives for academic excellence. The department has well equipped laboratories and good staff members and library facility in the department.

Various motivational programmes like technical talk, industrial visit, webinar, workshops, conferences are organized in the department for the students and staff to actively involve in and get exposed to emerging technologies, thereby receiving a broader perspective on professional front by providing opportunity for team work, leadership and service.
