Greetings from SODWAC

Dear Dr . Praveen Kaduva.

Thank you and your team for extending your support in conducting dental screening around 34 schools and reaching over 3000 students and community in Shira taluk.

Your effort has created awareness about dental hygiene among children and families.

Many students are practising better brushing habits and regular check up because of your guidance.

This academic year we propose to cover students of Gubbi Taluk . The school at Manchaladore has the strength of around 300 students. Pls let me know if it's convenient to visit the school during 3 rd week of June.

We look forward to one more successful year ahead.

Thanking you

With gratitude
