TUMKUR

Personal Protective Equipment-gowns, aprons, PPE

Use: The synthetic gowns are single use and disposable.

Disposable gown-fluid resistant

Cloth gown

Disposable plastic apron

Coverall / Body suit

Coverall is an alternative for gown. This provides added protection to the torso, full hands and legs. The design is in the form of a jumpsuit which fits snugly to the whole body. Some coveralls come with attached hood and shoe covers. Whole body will be covered with the coverall. These are water resistant and for single use.

Professional Duties & Responsibilities of a Post Graduate Resident

Dr Prabhakara GN
Prof and Head
Vice principal
SSMC, Tumkur

BIOMEDICAL WASTE IS MORE DANGEROUS AND OFFENSIVE THAN DOMESTIC WASTE

- Contains infectious and hazardous materials that may injure or infect other persons
- Contains sharps, needles, broken glasses, chemicals and radioactive materials
- If kept untreated, it undergoes fermentation and renders the place unhygienic
- It can attract rag pickers who repack disposables or drugs and sell them
