

# PeSuCON 23

## 18<sup>th</sup> Annual Conference of Karnataka State Chapter - IAPS

Tumkur

December 1st, 2nd and 3rd 2023

Dear friends,

Greetings for the day!

15/11/2023

Greetings from Kalpatharu Nadu!!

We have immense pleasure in welcoming you all to the forthcoming PeSuCON'23 conference hosted by the IAPS-Karnataka State Chapter, Tumakuru on Dec 1, 2 and 3. In a first, the first day of the conference brings both Paediatricians and Paediatric surgeons together in a surgical forum. The scientific talks given by the Gurus are designed to cut to chase for both Post-graduates and practicing doctors in both the fields.

The second day, forenoon of the conference concentrates to hone skills on barely- touched areas of Paediatric surgery. It has workshops on both Upper and Lower Gastrointestinal endoscopy; and a semi-live workshop on Retrograde intra-renal surgery (RIRS). The afternoon session has focussed talks on Minimally invasive Paediatric Surgery by the Moguls in the field.

Following on, there are miscellaneous talks past high tea to keep abreast with the current trends; the icing on a cake towards dusk is the reverse panel discussion on - Deciphering the marketing strategies for Paediatric surgeons. The General body meeting is followed by a gentle dancing to the orchestra and a Gala dinner.

The third day of the conference includes Post-graduate scientific paper presentations to bring on new things to the table and prize distribution to best of the thoughts.

Apart from the academic events, the venue has lot of scope for fun and adventure activities. It is located amidst greenery, away from the buzz of the city. The planned trek of the third day to the Mandara hill is a tread-mill test in disguise. And will test your cardiac endurance!

So, in a nutshell, its a package of academics, fun and frolic. Apart from this, the master chef is ready to tickle your palate! We have gone all the nine yards to make this a memorable event; come join us and make it lively.

Hand-in-hand can scale-up a strong union; We, the Kids surgeons can scale-up healthy and fit children.

Dr. Subramanya K.  
Organising Chairman,  
Secretary - IAPS KSC
