Report:

The Department of Pharmacology facilitated the Preliminary Round of the **International Clinical Trial Day PG Quiz 2026**, organized by the International Society for Clinical Research (ISCR) through the Academy for Clinical Research Career and Innovation (ACCRI). The event aimed to promote awareness and understanding of clinical research principles among postgraduate medical students and to encourage academic excellence in the field of clinical trials.

Objectives

1. To enhance postgraduate students' knowledge of clinical research and clinical trials.
2. To encourage participation in national-level academic competitions.
3. To foster interest in evidence-based medicine and research methodology.
4. To identify and support talented postgraduate students for higher levels of competition.

Coordination

The event was coordinated by **Dr. Arun Hebbar JN**, Assistant Professor, Department of Pharmacology.

Participants

The competition was conducted in a two-member team format. Postgraduate students representing the institute participated in the preliminary round conducted online under proctored conditions.

Program Details

The preliminary round was held on 05 June 2026 and commenced at 11:30 AM. Participants appeared for an online proctored quiz consisting of 20 multiple-choice questions (MCQs) to be completed within 30 minutes. The quiz assessed participants' knowledge of clinical trials, research methodology, ethical principles, and related aspects of clinical research.

Based on the scores obtained, the top-performing team was selected to represent the institution in the subsequent rounds of the competition. All participants were appreciated for their enthusiasm and efforts and were awarded Certificates of Participation by the organizers.

Following the preliminary round, **Dr. Hariprasad K** and **Dr. Arvind M**, First-Year Postgraduate Students from the Department of Pharmacology, were selected to represent the institution in the next stages of the competition. They will participate in the **Preliminary and Final Rounds**, scheduled to be conducted in **online mode on 19 June 2026**.

Observations and Outcomes

- The event generated considerable interest among postgraduate students in the area of clinical research.
- Participants demonstrated enthusiasm and competitiveness while engaging with topics related to clinical trials and research ethics.
- The quiz served as an effective platform for assessing knowledge and encouraging self-directed learning in clinical research.
- Selection of the institutional team for the next round provided an opportunity for the institute to participate at a broader academic forum.

Conclusion

The Preliminary Round of the International Clinical Trial Day PG Quiz 2026 was conducted successfully. The event provided valuable exposure to postgraduate students and promoted awareness of clinical research practices. The Department of Pharmacology remains committed to supporting such academic initiatives that enhance research aptitude and professional development among postgraduate students.

Acknowledgement

The Department of Pharmacology expresses its sincere gratitude to the International Society for Clinical Research (ISCR) and ACCRI for organizing this academic event. Appreciation is extended to all participating postgraduate students for their active involvement and to the institutional authorities for their continuous encouragement and support of academic and research-related activities.
